- 5.1.1. In the event of any dispute, controversy or claim arising out of or relating to this contract, or breach thereof, the parties shall first try in good faith to resolve such dispute, controversy or claim between themselves by engaging in direct and meaningful negotiations. If mutual agreement cannot be reached, such a dispute shall, at the request of either the Buyer or Spectrolab, be referred to a mediator or mediation panel jointly selected by the parties for mediation and conciliation. - 5.1.2. This contract shall be governed by the laws of the State of California. No consideration shall be given to California's conflict of law rules. This contract excludes the application of the 1980 United Nations Convention on Contracts for the International Sale of Goods. The Parties hereby irrevocably consent to and submit themselves exclusively to the jurisdiction of the applicable courts of the County of Los Angeles and the federal courts of California State for the

purpose of any suit, action or other judicial proceeding arising out of or connected with this Contract or the performance or subject matter thereof. Each Party hereby waives and agrees not to assert by way of motion, as a defense, or otherwise, in any such suit, action or proceeding, any claim that (a) such Party is not personally subject to the jurisdiction of the above-named courts, (b) the suit, action or proceeding is brought in an inconvenient forum or (c) the venue of the suit, action or proceeding is improper.

- 5.1.3. The parties expressly and irrevocably waive any claim to immunity and any defense based on being a party, agency or, instrumentality of a government with regard to any proceedings to enforce any court award rendered pursuant to this contract, including without limitation, immunity from service of process, immunity from jurisdiction of any court, and immunity of any of its property from execution and agree that they are independent commercial entities. The court shall fix an appropriate rate of interest from the date of the breach or other violation to the date when the award is paid in full. In no event; however, should said interest rate during such period be lower than the prime commercial lending rate announced by Citibank, N. A. Main Branch, New York, New York, for 90 day loans for responsible and substantial commercial borrowers.

- 5.1.5. Each party agrees to bear its own expenses associated with the dispute.

- 5.1.6. In the event a court of competent jurisdiction determines that this Agreement is invalid or unenforceable for any reason, this governing law provision, including without limitation, the clauses regulating the governing procedural and substantive laws for any judicial action, shall not be affected thereby and shall be given full effect without regard to the invalidity or unenforceability of the remainder of this Agreement.

5.2. International Customers

- 5.2.1. In the event of any dispute, controversy or claim arising out of or relating to this contract, or breach thereof, the parties shall first try in good faith to resolve such dispute, controversy or claim

between themselves by engaging in direct and meaningful negotiations.

- 5.2.2. If such negotiations fail to reach a solution agreeable to the parties within thirty (30) days after commencement of such negotiations or such later date as the parties mutually agree, such dispute, controversy or claim shall be settled solely, finally, and exclusively in accordance with the Commercial Arbitration Rules of the American Arbitration Association ("AAA") in effect on the date of this contract by one arbitrator. The AAA shall administer the arbitration. Where there is conflict between the Commercial Arbitration Rules of the AAA and this arbitration clause, the provisions of this clause shall govern.
- 5.2.3. The parties shall appoint the arbitrator within a period of thirty (30) days from the date on which the claimant's written notice of arbitration has been received by the other party. - 5.2.4. The arbitration, including the rendering of the award, shall take place in Los Angeles, California, United States of America. This contract shall be construed and the obligations of the parties shall be determined in accordance with the laws of the State of California, United States of America, excluding its conflict of laws provisions. This contract excludes the application of the 1980 United Nations Convention on Contracts for the International Sale of Goods. The language of the arbitration proceedings shall be English and all documents not in English submitted by either party shall be accompanied by a translation into English.
- 5.2.5. The award of the arbitrator may be, alternatively or cumulatively, monetary damages or an order requiring the performance of non-mandatory obligations (including specific performance) or any other appropriate order or remedy subject to the limitations of this Agreement. The currency for any monetary award shall be United States of America dollars. The arbitrator may issue interim awards and order any provisional measures which should be taken to preserve the respective right of either party.
- 5.2.6. Any award rendered by the arbitrator shall be in writing, setting forth the reasons for the award and shall be the final disposition on the merits. Judgment upon the award rendered may be in any court having jurisdiction, or application may be made to any such court for a judicial acceptance of the award and an order of

enforcement, as the case may be. The parties waive any right they may enjoy under the law of any nation to apply to the courts of any such nation for relief from the provisions of this clause or from any decision of the arbitrator.

- 5.2.7. The parties acknowledge that this contract and any award rendered pursuant to it shall be governed by the United Nations Convention on the Recognition and Enforcement of Foreign Arbitral Awards.
- 5.2.8. The parties expressly and irrevocably waive any claim to immunity and any defense based on being a party, agency or, instrumentality of a government with regard to any proceedings to enforce any arbitral award rendered pursuant to this contract, including without limitation, immunity from service of process, immunity from jurisdiction of any court, and immunity of any of its property from execution and agree that they are independent commercial entities. The parties hereby warrant that they have the authority to waive sovereign immunity with respect to any defense in an arbitration proceeding or any judicial action to enforce an arbitral award, as hereinabove provided. The parties further warrant that they have the authority to appoint an agent for service of process in lieu of any other procedural requirements.
- 5.2.9. The award shall include interest from the date of any breach or other violation of this contract. The arbitrators shall also fix an appropriate rate of interest from the date of the breach or other violation to the date when the award is paid in full. In no event; however, should said interest rate during such period be lower than the prime commercial lending rate announced by Citibank, N. A. Main Branch, New York, New York, for 90 day loans for responsible and substantial commercial borrowers.
- 5.2.10. Each party agrees to bear its own expenses and share equally with the other party the expenses of the arbitrator and the fees of the American Arbitration Association.
- 5.2.11. In the event a court of competent jurisdiction determines that this Agreement is invalid or unenforceable for any reason, this arbitration provision, including without limitation, the clauses regulating the governing procedural and substantive laws for the arbitration, shall not be affected thereby and shall be given full effect without regard to the invalidity or unenforceability of the remainder of this Agreement.
