RE: Spectrolab announces new East Coast Service Center

Spectrolab, Inc. (A Boeing Company) manufacturer of the Nightsun[®] family of searchlight products is pleased to announce the appointment of Triumph Instruments, a subsidiary of Triumph Group as our newly appointed Service Center. Triumph Instruments, located in Fort Lauderdale, Florida is one of the largest instrument service Companies within the United States. This joint venture enables us to provide repairs and services for a broad range of Nightsun[®] products and enhances our ability to provide faster turn-around-times for our East Coast customers.

For further information do not hesitate to contact Spectrolab Illumination & Sensor Products Customer Service at (800) 936-4888.
