

## Operation Manuals Now Available Online

At Spectrolab we are constantly looking for ways to improve our environmental footprint. We have been granted certification of our Environmental Management System and are proud to be an ISO14001 company.

In our continued efforts to be as conscious as possible about the impact we have on our environment, we are announcing that we have a new area of our website dedicated to the Operation Manuals.

The Operation Manuals are in Adobe's Portable Document Format (pdf) and will be downloadable to your computer. We have made available the latest revision of the

SX-5 Starburst, SX-16 Nightsun®, Nightsun® XP and SpectroLink Operation Manuals from the Customer Service portion of our web pages.

For more information, do not hesitate to visit our website <http://ils.spectrolab.com> and you can request more information by either calling 800-936-4888 or emailing us at [DL-SYLCustomerservice@west.boeing.com](mailto:DL-SYLCustomerservice@west.boeing.com)
